Testing & Education Reference Center helps prepare students for specialized tests for college, graduate school, the military or trade school. It includes preparatory tests from the GED (General Educational Development) to the GRE (Graduate Record Examination General Test). Testing & Education Reference Center provides a variety of search options to help you find all the information you need on private high schools, distance education, two-year programs, undergraduate and graduate programs and executive education programs. The database can also assist you in writing admission application essays or résumés. Preparatory examinations including entrance exams and certification and licensing tests are featured in this database.

How to Access Peterson’s Testing & Education Reference Center Database

1. To log on to databases:
   a) Go to http://www.mdc.edu
   b) Go to “Academics” and click “Libraries” from the drop-down menu.
