Locating Articles for Education

To search for articles on Education topics:

1. Select the “More databases” link from the Library main page, then log in if you have not already done so.

2. Open the “Education” category.

3. Select a database.

4. Enter your search terms in the search boxes.

5. Remember to select the “full text” checkbox to return articles you can read directly in the database, and also the “peer-reviewed” (or “scholarly” or “academic” depending on the database) checkbox if your professor requires scholarly articles for your assignment.
